the two Plans—the old and the new—was given by Mr. T. Swaminathan, Minister (Economic) in the Indian High Commission. The occasion was notable for the views on India's planned economy expressed by two eminent former members of the Indian Civil Service, Sir Jeremy Raisman, who presided, and Sir Cyril Jones, who proposed the vote of thanks. While the previous year the Association had heard the impressions of a distinguished British soldier Field-Marshal Sir John Harding, on the armies of India and Pakistan, this year its members were fortunate in having from Admiral Sir Mark Pizey an appreciation of India's navy. Admiral Pizey, who was on the point of retiring from the command of the Indian Navy, gave a heartening picture of the Navy's progress and paid a high tribute to the Indian sailor, whom he described as a " sturdy, cheerful, loyal and well mannered person," and to the " unbounded enthusiasm and optimism " of the officers and men.

Authoritative accounts of the latest developments in parts of the area covered by the Association were given by three distinguished speakers, Major-General Sir Hubert Rance, Lord Birdwood and Dr. Patrick C. Young. Major-General Sir Hubert Rance, the last British Governor of Burma, accompanied by Lady Rance, had the great privilege of being invited to visit Burma as the guest of the Burmese Government and stayed with U Nu, the Prime Minister, whom he had asked in 1947 to undertake the Premiership on the death of U Aung San. The impression he brought back was on the whole an encouraging one despite the difficulties over the sale abroad of the exportable surplus of the rice crop. Lord Birdwood dealt with the problem of Kashmir, of which he has made a special study, in his usual lucid fashion, while Dr. Patrick Young opened the doors of a remote but fascinating country by bringing up to date our knowledge of Nepal.

Thanks to the co-operation of the Pakistan Society our members were able to participate in illustrated accounts of the conquest of the two Himalayan giants, Mount Everest and Kanchenjunga. Mr. Wilfred Noyce, a member of the Everest expidition, gave a fascinating and entertaining personal story of the conquest of the mountain, illustrated by a series of very fine lantern slides. Captain H. R. A. Streather performed the same service for the Kanchenjunga expedition, and his audience followed with intense interest his narrative of the ascent of that familiar giant of the Darjeeling landscape. As already stated, a further incursion into the field of illustrated entertainment was given when a large attendance saw three films—two of them in colour—kindly lent by India House depicting phases of life and scenery in India.

Other functions included the Sir Thomas Holland Memorial Lecture by Professor Sir Alfred Egerton entitled " Scientific Research in India," to which members of the Association were invited by the Royal Society of Arts, and " India's Foreign Policy—As I See It " by one of our members,

EAST INDIA ASSOCIATION

EAST INDIA ASSOCIATION

(INDIA PAKISTAN AND BURMA)

THE EIGHTY-NINTH

ANNUAL REPORT

1955-1956

The Eighty-Ninth Annual Report of the East India Association

(INDIA PAKISTAN AND BURMA)

FOR THE YEAR ENDING APRIL 30, 1956

IN ITS TASK of promoting friendly understanding between the people of this country and of India, Pakistan and Burma the Association was ably assisted during the year under review by a number of distinguished speakers, to whom its warm thanks are due. In addition to providing a platform for the discussion of subjects of mutual interest, the Association broke new ground by holding a film display, and the interest which this event evoked encourages the hope that it will become a permanent feature of our programmes.

One of the outstanding addresses of the year was that given by the Rt. Hon. the Earl of Home, Secretary of State for Commonwealth Relations, to a joint meeting with the Royal Society of Arts and the Pakistan Society under the chairmanship of our President, Sir Patrick Spens. Lord Home reviewed his tour of the Commonwealth in the Southern Hemisphere and in the East, with special reference to India and Pakistan. While he was deeply impressed by the immensity of the problems facing the two countries, Lord Home said he had never seen a more fertile field for co-operative development if India and Pakistan and the countries of the West could combine to take advantage of it. In all fields he found essential agreement, and essential unity and a belief that the Commonwealth countries could together exercise an influence entirely for good on world affairs.

Another survey of affairs in India, Pakistan and Burma which also attracted a crowded attendance was Sir Percival Griffiths's annual report on his latest visit to these countries. Of particular interest on this occasion was his appreciation of the visit to India and Burma by the Russian leaders, Marshal Bulganin and Mr. Krushchev. In Sir Percival Griffiths's view, the educated classes in both countries were not unduly impressed by the speeches and behaviour of the two statesmen, but the effect on the masses, who turned out in thousands to see the distinguished visitors, had yet to be assessed. The success of the visit, however, could not be judged by the warmth of the welcome given to the Russian leaders during their tour of India and Burma, but by the amount of economic and technical aid which Russia was able to give to the two countries.

During the Year, India entered on her second Five Year Plan for the economic development of the country, and a comprehensive outline of

Mr. Chinnai Durai, whose penetrating analysis of his country's outlook evoked a lively discussion. The Annual Reception was held in honour of Lord Hailey to mark his retirement from the Presidentship of the Association, and the large gathering present was privileged to listen to a characteristically clear exposition by Lord Hailey of the position of India in the Commonwealth. The Council again expresses its thanks to the authorities of the Overseas League for their co-operation and help in arranging for so many joint meetings to be held at Over-Seas House.

Under the auspices of the Hospitality Fund, tea parties were held as usual for members of the large Indian and Pakistani student communities in London. At the first party the Rev. Dr. Donald Soper, Superintendent, West London Mission, spoke on his recent visit to India. At the second party Dr. T. G. P. Spear, Selwyn College, Cambridge, dealt with the impact of the British on India, a subject which aroused many varied expressions of opinion in the discussion which followed. Both parties, which were well attended, were held in the spacious Mahatma Gandhi Hall of the Y.M.C.A. Indian Student's Union and Hostel in Fitzroy Square.

A grant of £45 was paid as usual during the year to the National Indian Association of Women, Calcutta, from the Adelaide Manning Female Education Fund to help the education of girl students selected by the Association.

The Association's losses by death included Sir Atul Chatterjee, for over 30 years a member and for 20 years a Vice-Chairman of the Association; the Rt. Hon. L. S. Amery, a former Secretary of State for India; the Rt. Hon. Sir Leslie Wilson, a former Governor of Bombay; Sir Hubert Carr, a member of Council; Admiral Sir Arthur Palliser, Sir Alexander Murray and Dr. Hari Prasad Shastri. There were also some resignations and removals from the roll on account of the non-payment of subscriptions. Though these losses were partly made up by the election of new members, the Council hopes that all members will do their best to secure additions to the membership roll. Thereby they can assist the Association to continue the work, on which it has been engaged for nine decades, of promoting understanding and friendship with the peoples of India, Pakistan and Burma.

During the year His Excellency the High Commissioner for Pakistan, Mr. M. Ikramullah, and Lord Hailey accepted the invitation of the Council to become Vice-Presidents. Two members of Council, Sir Atul Chatterjee and Sir Hubert Carr, died, and Mr. Hatim Attari returned to India. Sir Harry Greenfield, Mr. S. M. Murshed and Professor Rushbrook Williams were co-opted to the Council to fill the vacancies and their appointment requires confirmation at the annual meeting. The members of Council retiring by rotation but eligible for re-election are: Sir William Barton, Mr. Ram Krishna Handoo, Lt.-General Sir Thomas Hutton, Sir Frederick James and Brigadier Sir John Smyth, Bt.

MESSAGE :

'' I send my best wishes for the success of your Dramatic Competition ''

Sd./- S. RADHAKRISHNAN,
Vice President of India.

Our Request :

We would be grateful to whom this booklet is sent if he very kindly, brings to the notice of the Amateurs and Educational Institutions' dramatic groups known to him all about our dramatic competition.

The act of his kindness will help us a lot in reviving the stage in our country.

Honorary Secretary.
